- * UPS power supply
- * Updated controller and system software
- * Bank card payment & mobile payment are available for dedicated countries and regions ==>>

Bill acceptor

Bill changer

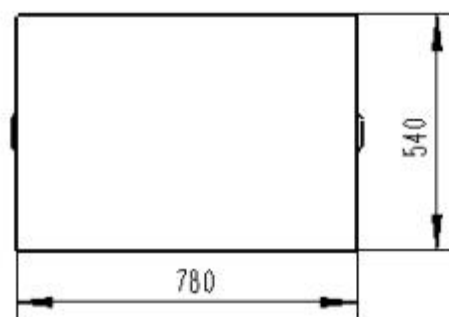

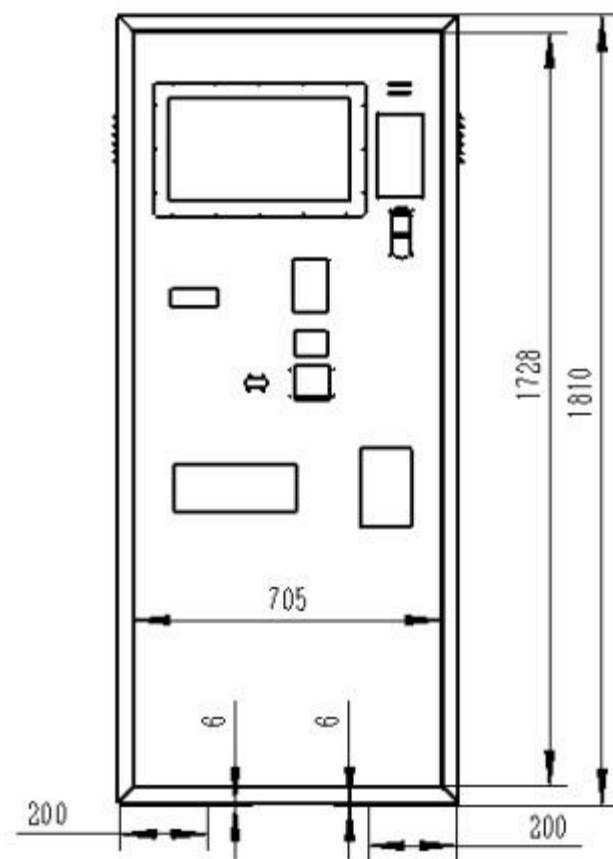

Coins acceptor and changer *

* Only in case of accepting and changing coins are same denomination, it can be recycled

Paper Roller for Receipt

Model		CMZ-8001	
System	Processor	J1900 4-cores, 2.0G	
	Operating system	Windows 7/10	
Input/output	Receipt printing	USB interface; Thermal printing, auto-cut (semi-cut); no-enough-paper alarm, Print span: 80 mm;Paper roll diameter: 150 mm	
	Barcode scanner	Honeywell brand,Barcode scanning, laser net scanning (USB interface)	
	Audio output	2-ch, effective output: 5 W	
	Touch screen	18.5-inch LCD; Preventable against dust, fouling and violence; Accurate location without drifting	
Interface	RS-232 serial interface	5	
	USB interface	4	
	VGA interface	1	
	HDMI	1	
	Network interface	1, RJ45 10M/100M self-adaptive Ethernet interface	
Function	SSD capacity	128 G	
	Display	Response time: 14 ms; Max. resolution: 1366 × 768, 32 Bit; Brightness: 1000cd/m²Contrast: 1000:1;	
	Upload	The data can be uploaded to the central platform.	
	Bank note identification	Cashbox containable with notes of multiple currency value; Precise identification of the currency value	
	Bank note changes returning	1 to 2 cashboxes can be selected; Changes with up to 2 kinds of currency value can be returned; Self-checking function can prevent from returning overmuch notes and note jam caused by damp;	
	Coin receiving	Coins of multiple currency value receivable	
	Coin changes returning	Coins of multiple currency value returnable	
Safety			
	Safe and Coded lock	For password configuration, guaranteeing safe cash receiving and returning of notes and coins;Thickness: 2 mm (for cash receiving and returning)	
	Visual intercom	optional	

General	Power supply	110/220V±10%, AC 50/60Hz
	UPS	can provide power about 5minutes
	Consumption	250W
	Mechanical characteristics	In-hall structure;baking paniting body preventable against rust and corrosionThick and solid material, not easy to cause deformation ;Internal structure in which each module can be maintained easily and conveniently ;Standard and ordered wiring
	Working environment	Environment temperature: -10 ℃ to +50 ℃ Relative humidity: 40 % to 80 % (uncompressed)
	Applied location	For indoor use (keeping away from water)
	Placement mode	Perpendicular to stable floor
	Communication mode	TCP/IP
	Switch	8 ports
Dimension (mm)		780*540*1810 (without wheel)
		780*540*1900 (with wheel)

Package(wrapped with film,paper carton & wooden frame or case)
